# a good read

By Natasha Donovan

## Good Omens

by Terry Pratchett and Neil Gaiman

Terry Pratchett's "Good Omens," a collaborative masterpiece co-written with Neil Gaiman, is an imaginative tour de force that seamlessly melds humour, fantasy, and social commentary. Published in 1990, the novel has become a timeless cult classic that continues to captivate readers with its wit and irreverence. The original book was adapted into a successful TV series, but the original book is definitely worth seeking out. The story revolves around an angel, Aziraphale, and a demon, Crowley, who have grown accustomed to life on Earth and have developed a certain fondness for humanity. When the apocalypse looms, they join forces to prevent the end of the world, inadvertently misplacing the Antichrist in the process. What ensues is a delightful romp through absurd situations, satirical jabs at religious norms, and a heartwarming exploration of friendship. Pratchett and Gaiman's unique writing styles blend seamlessly. Pratchett's penchant for witty wordplay and Gaiman's darkly enchanting storytelling combine to produce a tale that's as intellectually stimulating as it is entertaining. The duo weaves together multiple storylines, including the Four Horsemen of the Apocalypse, a quirky witch named Anathema Device, and a bumbling witch-hunter, creating an intricate tapestry of characters and events. At its core, "Good Omens" is a celebration of the human experience. It nudges readers to question the conventions they take for granted while delivering laugh-out-loud moments that provide much-needed levity. It's no wonder that this book has become a cherished favourite among readers.

## The School for Good and Evil (Book 1)

by Soman Chainani

Continuing the theme of 'good and evil' this month, the first book in Chainani's series provides a fresh take on fairy tales. Set in the mystical realm of Gavaldon, the story upends conventional notions of good and evil, sending readers on a journey of friendship, self-discovery, and moral complexity.

Sophie and Agatha are best friends, who are unexpectedly whisked away to the School for Good and Evil, an institution that trains children to become either heroes or villains in classic fairy tales. However, when their destinies seem to be swapped – Sophie, who embodies all things charming, is placed in the School for Evil, while Agatha, with her gloomy demeanour, is sent to the School for Good – the story takes a riveting turn. Chainani skilfully deconstructs stereotypes and delves into the depths of character motivations, making the reader question the nature of goodness and wickedness.

Chainani nicely balances whimsy with darkness in the exploration of friendship which is central to the novel. Sophie and Agatha navigate challenges that strain their bond, and face dilemmas that force them to confront their true selves.

The accessible, engaging prose makes the book suitable for a wide range of readers. The story invites readers to question the shades of grey between good and evil, and to embrace the power of friendship and self-acceptance. Young readers will almost certainly go searching for the sequels.

# Roasted Cauliflower with Spinach, Saffron, Pine Nuts and Raisins

**Preparation time:** 10 min

**Cooking time:** 20 min

**Serves:** 4

## Ingredients

1 medium cauliflower, cut into florets.  
 3 tbsp olive oil  
 1 large onion thinly sliced.  
 1 tsp ground cumin  
 1 tsp ground turmeric  
 Pinch of saffron, infused in 150ml boiling water.  
 3 tbsp pine nuts, lightly toasted  
 75g raisins, soaked in warm water.  
 300g spinach leaves  
 1 tbsp butter (optional)

## Method

Blanch the florets for 1 minute, then drain.

## How to blanch.

Have ready a large bowl of ice-cold water, a slotted spoon, and a plate lined with a clean cloth or paper towel for draining. Bring a large pot of water to boil over high heat. Just before adding the vegetables, add a generous pinch of salt. Add the florets to the pot in small batches so that the water continues to boil. After about 1-2 minutes remove them from the boiling water with a slotted spoon and plunge them into the ice bath to stop the cooking process in a process called 'shocking'. When the florets are

completely cool, remove them from the ice bath and drain on the towel-lined plate. Heat the olive oil in a heavy saucepan then add the onion and a pinch of salt. Cook on a low heat until soft then add the ground spices and cook for another couple of minutes. Add the blanched cauliflower florets. Pour in the saffron water, add the pine nuts, drained raisins and spinach leaves. Cook until the leaves have wilted and cauliflower is soft, and you have a thin sauce. Season to taste and add the butter, if using.

# Five Fun things to Do in October

**Get lost!** - There will almost certainly be a Maize Maze near where you live, often accompanied by other attractions such as pumpkin patches and hayrides. Go and get lost with family or friends for an hour, then hit the farm shop offer to stock up on goodies.

**Pick your own pumpkin** - This is a fun activity (and cute photo op) for all the family. Head to your local pumpkin patch and choose your favourite. You might be able to carve or paint it on site too.

**Take a guided ghost walk**

- There might be one in your town, or nearby. The guide dresses up and tells stories of hauntings and horror. Some are kid-friendly too.

**Go leaf-collecting** - Dress up warm and head out to the local woods. See how many different colours and types of leaves you can collect. Press them between sheets of blotting paper when you return home and use them to make pictures or decorate cards.

**Read a creepy book** - Cool autumn evenings are just right for curling up with a good book. Try Erin. E Adam's Jackal, about

a Black woman, Liz Rocher, returning to her predominantly white hometown in Pennsylvania to attend a wedding, and discovering a horrifying secret, that children have been vanishing in the nearby forest for years. All of them Black. All of them girls. Can Liz find the latest missing child before she's consumed by the darkness?

# how to play sudoku

## It's simple!

Fill in the grid so that each row, column and 3x3 box, contains the numbers 1 through to 9 with no repetition. You don't need to be a genius. These puzzles use logic alone. Watch out! Sudoku is highly addictive.
